

EZ-LINE Custom Sort-line System

From *Recycling Equipment Manufacturing, Inc.*

THE REM® EZ-LINE SERIES SORTING SYSTEM FOR LOW VOLUME RECYCLABLE CONTAINER SORTING

Processing Commingled Materials? REM's® EZ-Line sorting systems is the solution for you! Designed to handle up to 30 tons per 8 hour shift, this portable system features a TCH Transfer Conveyor, feeding a SC Sorting Conveyor with a stainless steel section, and a CBS Crossbelt Magnetic Separator for ferrous materials. Get your workers off the floor and start sorting materials more efficiently and save on your largest expense, labor! Achieve even greater efficiency with a Below Grade (BG) Hopper for a more permanent solution. This system is available in many different configurations and sized to meet your individual requirements.

EZ- LINE Low Volume Curbside Collected Container Sorting

A competitively priced, low profile, portable, and easily installed sorting system.

Features:

REM® 30" TCH Transfer Conveyor with Above Grade (AG) Hopper and 2 HP motor

REM® 30" SC Sorting Conveyor from 15' to 30' long, and 1 1/2 to 3 HP motor

Platform, Stairs, and guardrail

Options

- Below Grade (BG) Hopper & 3 HP motor
- Magnetic Head Pulley
- REM® CBS-8 overhead magnetic conveyor for ferrous removal
- REM® HDL Hydraulic Container Lift

VERSA Sort Custom Sort-line System

A Leader in Recycling Equipment Since 1978

THE REM® EZ-LINE SERIES SORTING SYSTEM FOR LOW VOLUME RECYCLABLE CONTAINER SORTING

For the budget minded Recycler or for very low volume, REM's® floor mounted EZ-Line sorting system is the solution for you! Processing up to 10 tons per 8 hour shift, this portable system featuring a TCH Transfer Conveyor feeding an SC Sorting Conveyor makes it... EZ! With optional magnetic head pulley to remove ferrous material, or an REM® HDL cart dumper, many different configurations are available to meet your individual requirements.
