

Hi-Lift HDL Hydraulic Lift

From *Recycling Equipment Manufacturing, Inc.*

HYDRAULIC LIFT FOR DUMPING

Paper, Glass, Mixed Materials

Limited Space?

No room for a feed conveyor for your shredder, baler or compactor unit?

Let the REM Model Hi-Lift HDL do the job.

Engineered specifically for feeding shredders, balers and large compactor units.

This rugged piece of equipment was designed using the most advanced 3D solid modeling software on the market today. With advanced engineering software at their disposal, our design team was able to produce a quality precision piece of equipment that works as was intended. Our number one priority was to create a rugged quality product that was safe and reliable. By providing the REM Model Hi-Lift HDL with safety interlocked access doors as a standard requirement on all our Hi-Lift dumpers, we set the standard for industry safety.

Each unit is built to customer specifications to meet the exact needs for each application.

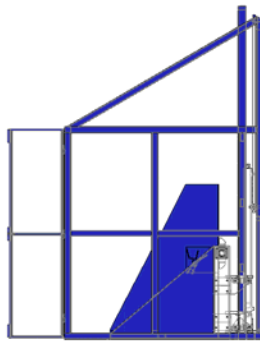

To put REM's® model Hi -Lift HDL Hydraulic Lift to work for you call

1-800-745-4736.

Hi-Lift HDL Hydraulic Lift

A Leader in Recycling Equipment Since 1978

Features:

- Tubular steel construction
- Tilt cylinders with spherical bushings
- Welded steel cylinders
- Lift capacity of up to 2,000 lbs
- Pressure gauge
- Safety interlock access doors
- OSHA-required flow-control valves
- Return line filter
- Pressure compensating pump
- Sight gauge w/ temperature indicator
- Safety cage w/ expanded metal screens

Structural Options:

- Custom Hold-downs
- Lift forks in hopper
- Tapered chute
- Stainless steel upgrade
- Custom paint
- Customer driven design
- Hydraulic Drum Clamp

Hydraulic Options:

- Oil cooler
- Automatic operation
- Tank heater
- Fire resistant fluid
- Manual maintenance controls
- If you don't see it, ask us!

SPECIFICATIONS	
Discharge Heights	Call
Lifting Capacity lbs.	Up to 2000#
Bucket Dimensions	Call

Electrical safety features:

- 240/480 volt, three phase
- Electrical components are UL listed
- NEMA-4 (hose proof) enclosure
- Motor overload/short circuit protection

OPTIONAL:

- Warning Buzzer
- Stainless Steel Enclosure
- Flashing Light

LIMITED ONE YEAR WARRANTY

*All dimensions are nominal +/- 1"

*Specifications subject to change without notice, without incurring responsibility to previous units sold
